

# Non Acid Rust Remover

PRODUCT CODE R14

enviromose™

- HIGHLY CONCENTRATED NON ACIDIC RUST STAIN REMOVER
- IDEAL FOR USE ON DELICATE SURFACES SUCH AS MARBLE
- USE ON STONE, WOOD, PAINT, FIBREGLASS, CONCRETE & LIMESTONE
- USE NEAT, FAST ACTING
- FADES TO LEAVE NO MARKS
- NON CORROSIVE

Designed to remove rust stains from delicate surfaces, when other rust removers cannot be used due to their corrosive nature.

Non-acid rust remover converts rust compounds in to water soluble solution, that will change colour on activation. This can then be rinsed away with clean water.

The Neutral PH, allows a wider range of uses.

## BENEFITS

- Easy to use
- Fast acting
- Changes colour when working
- Water rinsable
- PH Neutral
- Non Acid

## APPLICATION

- Shake well before use
- Always test on a small hidden portion of the surface to check compatibility and performance before commencing with the whole area.
- Apply neat product generously to the dry surface.
- Leave the product to react using the following timings:
  - Light staining = 10 minutes
  - Heavy staining = up to 2 hours
- Once applied do not let the product dry out, reapply if the surface becomes dry.
- Rinse clean with plenty of water, for best results use Heavy Duty Deep Cleaner diluted with cold water.
- Marking may occur initially on some surfaces, however, this will fade over the following 48 hours.

## STORAGE

24 months from the date of manufacture in original unopened container in a clean, dry area. Do not store below 5°C.
