

PRO GRADE WD Range Cleaners

A step forward in cleaning technology, containing no caustic, it is safe to use on a wide variety of surfaces, it will clean and prevent dirt build up with ease.

The WD range contains the latest biodegradable, plant based ingredients, making it better for the environment and the user. With its unique dirt defence technology, WD cleaners will clean and suspend dirt with ease, giving great results every time.

It can be used for: paint preparation, degreasing, cleaning PVC, cleaning light graffiti, removing grout blooms, cleaning paint brushes and spills, garden furniture, maintaining driveways and patios, cladding and cladding roofs.

How to Use

- Ensure adequate ventilation at all times and wear protective clothing, gloves and safety goggles.
- Apply generous even coat (do not let dry out). Leave until product penetrates the dirt (5-30 mins).
- Agitate with a brush and rinse clean or wash down with a power jet.

Surface Preparation

Always test a small hidden portion of the substrate before use, to ensure the final result is satisfactory and to calculate consumption. Do not apply during rain or frost and when surface air temperature is <math>< 5^{\circ}\text{C}</math> and $> 30^{\circ}\text{C}$.

Dilution

Light soiling: 1 part - 20 water
 Medium soiling: 1 part - 10 water
 Heavy soiling: 1 part - 5 water
 Extreme soiling: Neat
 As a daily cleaner: 1 part - 40 water

Precautions for use:

For Health & Safety instructions, first aid measures, spillages and disposal instructions, see separate Health & Safety Data Sheet (MSDS).

Keep out of reach of children. Keep in a dry place between 5°C and 30°C in the original container.

Cleaning of Equipment

Remove as much excess product as possible and clean tools and equipment immediately after use with soapy water.

Ideal for use on:

- Galvanised Metals
- Plastics
- Polycarbonate
- PVC
- Cladding
- Stone work
- Granite
- Marble
- Gel version available for use on vertical surfaces

Benefits:

- Safer to use
- Non caustic
- Biodegradable
- Cost effective
- Multi use
- Low VOC
- Low odour

Product Characteristics

Colour	Clear
Odour	Barely Perceptible
Form	Liquid
Application Temperature	Between 5°C and 30°C
Shelf Life	24 Months from the date of manufacture in the original unopened container
PH	7
Specific Gravity @ 25 °C	1.00
