

## HIGHLY CONCENTRATED

# Oil Erase

Oil Erase is a super concentrated formula and will push oil out from deep within the pores. Oil Erase removes contamination without leaving a residue. Ideal for stubborn hard to remove grease and oil stains.

Easy to use, Oil Erase effectively removes stubborn stains and grease from driveways, patios, natural stone (including marble), block paving, wood, decking and all Concrete substrates.

### How to Use

Always test a small hidden area first to ensure finished result is acceptable

- Apply a saturated coat to the affected area by a garden sprayer or applying directly on to the substrate
- Leave the product to work for up to 1 hour depending on the level of staining
- Remove from the surface using hot water or a jet wash
- Repeat the process If staining is still evident until area is free of contamination

#### Precautions for use:

For Health & Safety instructions, first aid measures, spillages and disposal instructions, see separate Health & Safety Data Sheet (MSDS).

#### Storage

Keep out of reach of children. Keep in a dry place between 5°C and 30°C in the original container.

#### Cleaning of Equipment

Remove as much excess product as possible and clean tools and equipment immediately after use with soapy water.

#### Surface Preparation

Always test a small hidden portion of the substrate before use, to ensure the final result is satisfactory and to calculate consumption.

#### Benefits:

- Easy to use
- Water rinsable
- Low odour
- Fast and effective
- Non caustic
- Will not damage natural / sensitive surfaces such as marble or granite

#### Product Characteristics

Colour	Colourless
Odour	Barely Perceptible
Form	Liquid
Application Temperature	Between 5°C and 30°C
Shelf Life	24 Months from the date of manufacture in the original unopened container
PH	7
Specific Gravity @ 25 °C	1.00
