

CITRUS CLEANER

Powerful & effective degreasing cleaner

Citrus Cleaner is a powerful and effective degreasing cleaner which can be used neat on stubborn stains or diluted for everyday cleaning.

Removes stubborn greasy stains and soiling. Heavy duty cleaning of stone, decking, tiles and grout. Ideal for bringing PVC conservatories back to a new look. The unique formulation continues to work for weeks after use so the surface can stay cleaner for longer.

Important

Do not use on aluminium or marking may occur; keep away from shrubs, grass and plants.

Precautions for use

For Health & Safety instructions, first aid measures, spillages and disposal instructions, see separate Health & Safety Data Sheet (MSDS).

How to use

Remove any loose debris before application. Shake container well before each use.

- Use neat (1:1) on heavy contamination or dilute by adding 1 part product with up to 10 parts water (1:10) depending on the level of staining to be removed.
- Using a spray or brush apply liberally and allow to act for 1-2 minutes for lightly soiled surfaces, or 5-10 minutes for heavily soiled surfaces
- For removing deep penetrating lubricating oil and stains, it may be necessary to apply the product twice allowing 10 minutes between applications.
- Agitate with a firm bristle brush and rinse down thoroughly with clean water
- For best results on drives, patios and block paving use a pressure washer
- If protecting the surface with a sealer once the above application is complete ensure all cleaning residues are removed and the surface is completely dry.

- For use on concrete, stone, marble, granite, terracotta, tiling, paving, PVC, timber decking.
- Does not alter the appearance of natural stone, granite, marble etc...
- Fast acting and easy to use
- Pleasant citrus odour
- Biodegradable
- Removes organic soiling from Drives & Patios
- Surfaces stay cleaner for longer

Product Characteristics

Colour	Pale Yellow
Odour	Citrus
Form	Liquid
Application Temperature	Between 5°C and 30°C
Shelf Life	24 Months from the date of manufacture in the original unopened container
PH	11
Specific Gravity @ 25 °C	1.02

Storage

Keep out of reach of children. Store in a cool, well ventilated area. Keep container tightly closed. Storage temperature between 8°C and 30°C.

Cleaning of Equipment

Remove as much excess product as possible and clean tools and equipment immediately after use with soapy water.
