

GARDEN SOAP

Powerful & effective soft soap for all hard surfaces

Garden soap is a versatile, highly effective cleaner for all exterior surfaces including fences, garden furniture, render, patios and pathways, decking, fire pits, fascia boards and guttering, and much more!

Formulated using bio-based ingredients, this formulation will remove stubborn stains and soiling with ease whilst being kinder to the environment and safer to use. Biodegradable and naturally derived.

Precautions for use

For Health & Safety instructions, first aid measures, spillages and disposal instructions, see separate Health & Safety Data Sheet (MSDS).

Important

Do not use on aluminium or marking may occur; keep away from shrubs, grass and plants.

How to use

Remove any loose debris before application. Shake container well before each use.

- Use neat (1:1) on very heavy contamination or dilute by adding 1 part product with up to 10 parts water (1:10) depending on the level of staining to be removed.
- Using a spray or soft brush, apply liberally and allow to act for 1-2 minutes for lightly soiled surfaces, or 5-10 minutes for heavily soiled surfaces
- Agitate with a soft brush and rinse down thoroughly with clean water
- For best results on drives, patios and block paving use a pressure washer
- If protecting the surface with a sealer once the above application is complete ensure all cleaning residues are removed and the surface is completely dry.
- For use as an exterior fabric cleaner dilute at a ratio of 1:5 and apply with a soft brush.

Cleaning of Equipment

Remove as much excess product as possible and clean tools and equipment immediately after use with soapy water.

- Kinder to the environment, formulated using bio based ingredients
- Highly versatile. Can be used on a wide variety of exterior and interior surfaces.
- Traditional soft soap formulation
- For use on concrete, stone, marble, granite, terracotta, tiling, paving, PVC, timber decking, garden furniture etc.
- Does not alter the appearance of natural stone, granite, marble etc...
- Fast acting and easy to use
- Pleasant fresh odour
- Biodegradable and safer to use
- Removes organic soiling from external surfaces
- Surfaces stay cleaner for longer

Storage

Keep out of reach of children. Store in a cool, well ventilated area. Keep container tightly closed. Storage temperature between 8°C and 30°C.

Product Characteristics

Colour	Amber
Odour	Fresh
Form	Liquid
Application Temperature	Between 5°C and 30°C
Shelf Life	24 Months from the date of manufacture in the original unopened container
PH	approx. 7
Specific Gravity @ 25 °C	1.00
